SUMMARY

Computer Engineer with experience in Data Science, Artificial Intelligence, GIS technologies, and software development. Currently pursuing a degree in Business Administration, combining technical expertise with strategic and analytical thinking. Skilled in Python, SQL, Power BI, machine learning, and geospatial data analysis. Experienced in applied research projects involving AI-based image segmentation and data-driven problem solving. Interested in Data Science, AI, Business Intelligence, and analytics-focused roles.

EXPERIENCE

- ❖ QA Specialist, Polytechnic University of the Litoral Aug 2024 — Dec 2024
Guayaquil
Implementation of unit and integration testing protocols to validate application performance. Preparation of detailed technical reports and documentation of procedures and results. Execution of specialized technical activities to ensure the quality and functionality of systems.
- ❖ Research Assistant, Polytechnic University of the Litoral Jan 2025 — Current
Guayaquil
Research and evaluation of GIS techniques for tree canopy segmentation. Assistance with field trips for geospatial data collection. Implementation and testing of AI models for image segmentation. Management and organization of documentation and research materials.

EDUCATION

- ❖ Polytechnic University of the Litoral Aug 2019 — Sep 2024
Computer Science Engineer
Guayaquil
- ❖ Technical University of Loja Apr 2025
Bachelor of Business Administration
Guayaquil
- ❖ National Polytechnic School Apr 2026
Master's Degree in Artificial Intelligence
Quito

SKILLS

Programming: Python - R - SQL - JavaScript - .NET
Core

GIS & Geospatial: Leafmap - Folium - PostGIS -
Geospatial Analysis

BI & Visualization: Power BI - Plotly - Streamlit - Dash -
Excel

Tools: Git - GitHub

Problem Solving

Adaptability & Flexibility

Data Science & AI: Pandas - NumPy - Matplotlib -
Seaborn - Machine Learning - Data Analysis

Databases: PostgreSQL - MySQL - MongoDB

Web Development: React - Angular - HTML - CSS -
Bootstrap

Analytical Thinking

Accountability

Decision-Making

LANGUAGES

Spanish

English

Japanese

CERTIFICATIONS AND LICENSES

- Microsoft Power BI Data Analyst Professional Certificate
- Google Data Analytics Professional Certificate
- AWS Academy Data Engineering
- IBM Data Science Professional Certificate
- Data Science Course — SEE
